Heart Disease and Health (Mixed media product)

By Dr. G. Gadkari

Mercury Learning Information, United States, 2013. Mixed media product. Condition: New.

Language: English . Brand New Book. Heart disease, regardless of age and sex, is the leading cause of death in the United States and a major health concern throughout the world. This book explains the workings of the heart and related issues through practical examples, FAQs, and illustrations. Each title in the series will include: questions and answers about the medical definition/description of the condition; the source/causes; details of symptoms; available cure/treatment; and societal issues or public opinion such as legal issues, social/psychological ramifications, etc; case studies from both the physician and patient perspectives; and, animations, figures, and photos to support, explain topics under discussion. In electronic versions these items are integrated as hyperlinks and pop-ups throughout the text. Resources including Web sites, articles, blogs, and books that offer additional information on each subject. It includes a companion DVD with animations, color figures from the book, Web links, animations, etc.

Reviews

Without doubt, this is the very best job by any article writer. It typically does not cost too much. You are going to like just how the blogger write this pdf.
-- Jazmyn Beier II

This book can be worth a read through, and far better than other. It can be writter in easy phrases instead of confusing. You will not really feel monotony at at any moment of your respective time (that's what catalogs are for concerning if you check with me).
