UNCLE SAM IN PINSTRIPES: EVALUATING U.S. FEDERAL CREDIT PROGRAMS (PAPERBACK)

BROOKINGS INSTITUTION, United States, 2011. Paperback. Condition: New. New. Language: English . Brand New Book. It is a long-held perception that America is a nation where the government typically stays out of day-to-day business activities. The remainder of this book fills in the details -the how, what, why, and the ramifications -allowing readers of all stripes to understand the history, current state, and key policy issues surrounding federal credit provision. No picture of the U.S. economy is complete without a fuller understanding of this increasingly important sector. There is considerable evidence that taxpayers are not receiving the value for money that they should. The author believes that a number of steps should be taken to increase the effectiveness and efficiency of federal credit programs. These are explained in the final chapter and include the following...
