Reviews

This pdf is indeed gripping and interesting. It is definitely simplistic but shocks within the 50 percent of your book. Once you begin to read the book, it is extremely difficult to leave it before concluding.

World Bank Publications. Paperback. Book Condition: New. Paperback. 176 pages. Dimensions: 9.9in. x 7.0in. x 0.5in. Pakistans development efforts are guided by its 2011 Framework for Economic Growth, which identifies actions needed to create a prosperous, industrialized Pakistan through rapid and sustainable development. Industrialization has the potential to drive Pakistans economic growth and contribute significantly to meeting both economic and human development goals in Pakistan. Expansions of industrialization activities, whether in highly developed or developing countries, can be stimuli for intense debate about such projects benefits and costs to the region in which they are to be located, to the national economy and to human health and the environment. Pakistans 2011 Framework for Economic Growth recognizes that, to accelerate industrialization, Pakistan must reduce the cost of doing business and create an incentive structure designed to achieve a competitive, dynamic, and export-driven industrial sector capable of providing employment to the growing labor force. Competing in global markets requires a socially and environmentally sustainable industrialization strategy. The four main inputs for sustainable industrial growth in Pakistan discussed in this book are 1) Macroeconomic stability and sectoral policies to support industrial competitiveness by allowing long-term planning, including investments in infrastructure and cleaner production. 2) Upgraded trade facilitation and infrastructure (particularly transport and energy) to address some of industrialization s spatial aspects. Improved transport infrastructure will lower production s environmental costs. 3) Greening of Pakistans industrial sector to enhance international competitiveness greening will make Pakistan a more attractive export partner for nations and firms committed to green production. 4) Strong institutions for example, environmental management agencies to control pollution, and cleaner production centers to increase domestic awareness of international environmental standards to implement industrialization initiatives effectively, including those for small and medium-sized enterprises. This book provides a comprehensive analysis of issues relating to the debate...
