

Career Frontiers: New Conceptions of Working Lives (Hardback)

By -

Oxford University Press, United Kingdom, 2000. Hardback. Condition: New. New. Language: English . Brand New Book ***** Print on Demand *****. The topic of careers has become both increasingly important and increasingly complex. Contemporary economies have brought about changes in the nature of careers, and uncertainty in the structure and longevity of firms and their ability to offer long-term employment. Corporate policy-makers struggle with alternatives to traditional employment structures, while individuals struggle to decide whether and how they ought to become more independent of such structures, pursuing what some have called post-corporate or boundaryless careers. This volume is an integrated survey of some of the best current thinking and research on careers. Presented as a series of chapters by an international group of experts and knit together through themes and dialogues, it advances our understanding of the deeper meaning of changes in careers, and of the interrelationships and longer-term consequences of those changes.

Reviews

Definitely among the best book I have got possibly study. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Olga Ledner MD**

Complete guide for publication enthusiasts. I have read and i am sure that i will going to study again once again in the future. Your way of life period will be transform once you total looking over this publication.
