Peter Gmbh Lang Okt 2000, 2000. Taschenbuch. Condition: Neu. Neuware - Narratives links the currently most popular Literary/Cultural Theory with one of the most successful television productions of all times. The brief opening chapter gives a very concise introduction to the central concepts of postcolonial theory and the methodological background of this subversive reading of Star Trek. A mythology results, which poses the question: does popular culture rest on the same hegemonic discursive practices as the elitist canon The book yields compelling insights about the ideological deep-structure of modern mass media by reading the original Star Trek series against the grain instead of taking (post)modern-style entertainment at face value. The blending of Star Trek's narratives and Western historical, political and social reality results in a unique view of the potential for controversy in the opposition of individual perspectives and the claim of ideological value-systems to universal truth(s). 161 pp. Englisch.
