University Press of America, United States, 1996. Paperback. Condition: New. Language: English . Brand New Book. This fourth volume of Facets of Faith and Science focuses on how to interpret God's action in nature and surveys recent thought on divine agency, proposes a new understanding of double agency, and addresses the relation of divine action and omniscience to natural causation, randomness and evolutionary theory. Chapters Include: Recent Thoughts on Divine Agency; The Dressage Ring and the Ballroom; Loci of...

Reviews

This ebook is great. It is definitely basic but shocks from the 50 percent of your publication. Its been printed in an exceedingly basic way and it is only right after i finished reading this book where basically changed me, modify the way in my opinion.

-- **Mckayla Ritchie**

This is the finest book i have got study right up until now. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.
