Hay House Inc. Paperback. Book Condition: new. BRAND NEW, Green Made Easy: the Everyday Guide for Transitioning to a Green Lifestyle, Chris Prelitz, Save Money and Help the Environment-at the Same Time In Green Made Easy, author and green pioneer Chris Prelitz shares how to be both environmental and economical at the same time. Going green is not only good for our planet, it's good for your pocketbook. For over 20 years, Chris has been helping businesses, home owners, and corporations lower their monthly expenses by going green. Chris and his wife, Becky, share a green solar-powered home in Laguna Beach, California, which Chris designed and built. Most months they produce more power than they use and receive a credit from their power company instead of a bill! In this book, Chris shares personal experiences, lessons learned, and reflections that humorously touch the heart and inspire the spirit. The chapter 'Busting Green Myths' will sway even the most cynical person toward better eco-choices that will also save money. Chris says, 'We're rediscovering that it's so much healthier, more lucrative, and better for every living thing to transition away from wasteful, polluting technologies and make choices that work in harmony with nature.' Green Made Easy is written in a friend-to-friend, conversational style and examines our daily lives from personal care and cosmetics to solar-energy systems. This book will delight and inspire any and all who dream of making a difference and wish to create a thriving, healthy future for generations to come.
