Reviews

The most effective pdf i ever read through. I am quite late in start reading this one, but better then never. Its been developed in an exceedingly simple way in fact it is only soon after i finished reading through this pdf by which in fact altered me, modify the way i think.
(Audra King IV)

ENTDECKE SPITZBERGEN [SPITBERGEN EXPLORER]

Ocean Explorer Maps, United Kingdom, 2001. Sheet map, folded. Condition: New. Language: N/A. Brand New Book. A fold-out visitor s map (scale 1 : 1 000 000), that measures approximately 75 x 46 cm (W x H) when unfolded. Covers the famous Arctic archipelago (named Spitsbergen when discovered by the Dutch in 1596, but now more commonly referred to as Svalbard - the Viking word for cold coast). On one side there is a clear and uncluttered map of the archipelago, with useful annotations; on the reverse there are excellent biographical summaries of 27 noted explorers (including Horatio Nelson who came here as a 14 year old midshipman!) plus brief descriptions and colour photographs of the more common plants, invertebrates, birds and mammals.
