Reviews

This ebook is worth acquiring. Better then never, though i am quite late in start reading this one. You will not truly feel monotony at at any time of your own time (that's what catalogues are for about if you ask me).

Createspace, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Mrs. Fenwick, like Mrs. Turner (some of whose Cautionary Stories have already been published in this series), lived and wrote at the beginning of this century. Mrs. Turner practised verse, Mrs. Fenwick prose. I can tell nothing of Mrs. Fenwick s life, except that among her books were *Infantine Stories*, the *Life of Carlo*, *Mary and her Cat*, *Presents for Good Boys and Girls*, *Rays from the Rainbow* (an easy system of teaching grammar), and *Lessons for Children*; or, *Rudiments of Good Manners, Morals, and Humanity*. It is from the last-named book that the first ten of the following stories have been taken. It was a favourite work in its day, and not only was it often reprinted in England, but was translated into French: for little French children, it seems, need lessons too.
