Culinary school is a big investment and a big time commitment. This no-bullshit guide will help you get the most out of school, and launch into a rad professional cooking career. We ll start with basics, like how to pull your kit (and all the other start-of-school shit) together. How to quickly establish competence and confidence, so you can start learning fast and effectively. Then we ll talk strategy: - Why do you need a SWAT team? And what the hell is a SWAT team anyway? - Your instructors will teach everyone, but mentor just a few. How do you become one of those students? - What do you need to know to kick ass in both the classroom and the culinary school kitchen? - What steps can you take now that will help you build a solid foundation for a kick-ass professional cooking career? This is not a boring goddamn textbook - you ll have plenty of those soon enough. It s a ninja-level tactical field guide, full of crass language and kitchen humor. If you want to kick ass in school and beyond, read this no-bullshit book. With its frank discussion of the pros and cons of culinary school, Kim s guide is like the Grim Reaper, killing your misconceptions about the professional kitchen with fair but ruthless efficiency. - The Surly Gourmand This language is appalling! You have to take out all of these swear words. - My Mom Maybe just take out half the f**ks. - My Dad.
