Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The IC uses core contract personnel to augment its workforce. These contractors typically work alongside government personnel and perform staff-like work. Some core contract personnel require enhanced oversight because they perform services that could inappropriately influence the government's decision making. This report is an unclassified version of a classified report issued in September 2013. GAO was asked to examine the eight civilian IC elements use of contractors. This report examines (1) the extent to which the eight civilian IC elements use core contract personnel, (2) the functions performed by these personnel and the reasons for their use, and (3) whether the elements developed policies and strategically planned for their use. GAO reviewed and assessed the reliability of the eight civilian IC elements core contract personnel inventory data for fiscal years 2010 and 2011, including reviewing a sample of 287 contract records. This sample is nongeneralizable as certain contract records were removed due to sensitivity concerns. GAO also reviewed agency acquisition policies and workforce plans and interviewed agency officials.
