Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It has been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, alter the way I believe.

John Wiley and Sons Ltd, United Kingdom, 2003. Paperback. Condition: New. 1. Auflage. Language: English . Brand New Book. These original cartoons explore the lighter side of architecture, design and the construction industry. From the Far Side to Dilbert and from lawyer jokes to political humour, we have always been able to have a laugh at each other, ourselves and our professions. However, the design community has never really had a cartoon to call its own.until now! The cartoons cover all members of the construction industry and the book is irreverent in its wit. Clearly composed by someone who has been in the business for many years, Bynum s observations demonstrate an extensive understanding of the entire business, without being one sided or vitriolic.
