

Industrial Relations and Economic Performance: Grievances and Productivity (Classic Reprint) (Paperback)

By Casey Ichniowski

Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Industrial Relations and Economic Performance: Grievances and Productivity In the ten unionized mills in this sample, grievances proceed through a four-step process: 1) discussion with department foreman; 2) filing the grievance in writing; 3) discussions with a committee on grievances usually involving the labor relations director or mill manager; and 4) arbitration. The grievance rate in this study is defined as total written grievance filed (step 2) per hourly manhour. With the short time periods between step 1 and step 2 specified in the mills collective bargaining agreements, the time when a grievance is filed should be close to the time when the original complaint arose. The specific issues of interpretation that arise from using a grievance rate defined by the grievance activity in step 2 are considered in detail in the theoretical model in this section and the empirical results of the next section.
