

Jalyatra, a Journey Through India's Water Wisdom

By MR Nitya Jacob

Createspace Independent Publishing Platform, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Despite having surplus water, and one of the world's richest traditions of managing it, India's water crisis has reached critical levels. This is because of poor management and corruption on one hand, and a complete disregard for inherited knowledge of traditional methods of managing and maintaining water resources on the other. Indeed, the most powerful - and a very painful - impression delivered by the book, Jalyatra, is the graphic portrayal of the deterioration of traditional systems of water harvesting and management in the country. Jalyatra juxtaposes the current rot in managing and governing water with the practices of yesteryear when these systems not only catered to the material requirements of water for drinking and agriculture, but were centres of the community's social and cultural lives. India has a vast heritage of highly evolved and diverse water management systems. Each system is different from the other as each has been shaped by local topography, climate, vegetation and other factors. These systems are not merely technologies or techniques but have their own complex...

Reviews

This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You won't feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).

-- Prof. Kirk Cruickshank DDS

This kind of book is every little thing and taught me to look ahead of time and a lot more. I am quite late in starting reading this one, but better than never. I found out this book from my dad and he encouraged this pdf to find out.

-- Justus Hettinger
