

The Cheesecake Theory of Crime: An Irreverent View of Justice in America (Paperback)

Filesize: 9.43 MB

Reviews

A new eBook with a brand new point of view. It really is written in basic words and not confusing. I discovered this publication from my i and dad recommended this book to find out.

THE CHEESECAKE THEORY OF CRIME: AN IRREVERENT VIEW OF JUSTICE IN AMERICA (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The Cheesecake Theory of Crime is an offbeat guidebook for laypersons about crime and justice in America. The reader will gain practical insights about how justice is administered, why most people commit crimes, and where does it all end. It is an unorthodox treatment of many sensitive issues linked to crime and the inequities of justice applied on a daily basis. The commentary includes topics such as questionable police practices, false results from crime labs, wrongful convictions, coerced plea bargains, judicial corruption, and why crime is good for business, among many other topics. The author is a 30-year veteran of criminal justice as a practitioner, educator, scholar, author, ex-delinquent, victim and social critic. This book is a collection of twelve chapters that include many awkward questions meant to challenge the reader's perspectives and opinions about crime and deviance. The Cheesecake Theory is the centerpiece of the analysis. The narrative describes how and why the criminal justice system has become a fractured state of affairs in urgent need of repair. The gross inequalities of capitalism, for instance, and cultural fixations with power and race may have tilted the nation toward a massive social upheaval. Nowhere is this more visible than in the routine administration of justice. Also, the book questions the great myths of justice and fairness and offers some practical alternatives to those popular illusions. The author offers very different, politically incorrect, and a bad-mannered set of observations to explain why justice and fairness have become mutually exclusive ideas in our society. An assortment of critical judicial procedures and processes such as discovery and qualified immunity are cited. Moreover, a number of practical remedies are also enclosed as...
