

Math and Logic Puzzles That Make Kids Think: Grades 6-8

By Jeffrey Wanko

Prufrock Press. Paperback. Book Condition: New. Paperback. 96 pages. Dimensions: 10.9in. x 8.3in. x 0.3in. Kids love exploring new ways of solving problems, especially in fun and challenging puzzle formats. In Math and Logic Puzzles That Make Kids Think, the authors present several variations on Sudoku the most well-known type of logic puzzle in an easy to use, exciting format perfect for any math classroom. These language-independent logic puzzles provide kids with great problems to stretch how they think and reason. Each puzzle variation utilizes some of the basic strategies of Sudoku puzzles, but each one also draws upon other areas of mathematics ordering of numbers, properties of geometric shapes, basic operations, or enriched number sense. This book provides teachers with puzzles arranged by difficulty level that can be used to support and enhance students mathematical investigations. It also provides a new and exciting context for the development of students deductive reasoning skills, which can lay the foundation for further mathematical exploration. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.

Reviews

It is one of the most popular publication. It really is written in easy words and not difficult to understand. You are going to like how the author writes this book.

-- Prof. Evans Balistreri DDS

Completely essential go through book. This is for all who state there had not been a worthy of reading through. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- Lydia Legros
