Reviews

Definitely among the best book I have possibly read. I have study and i am sure that i will going to go through once more once more later on. Your lifestyle span is going to be convert when you full looking at this publication.
(Prof. Damon Kautzer III)

MANUAL OF SERUM DIAGNOSIS (CLASSIC REPRINT)

Forgotten Books, United States, 2016. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Manual of Serum Diagnosis Rostoski s Serum Diagnosis, published in the Wurzbürger Abhandlungen in 1903, has become favorably known as one of the best resumes of this subject. In offering this translation attention is called to the fact that several additions have been made in order to include important work done within the past year, viz., Ficker s Typhoid Diagnostic, the test with Formalin Typhoid Cultures, and Para-Dysentery. Most of the material for these additions has been obtained by the translator through personal communication with Dr. Rostoski. The translator desires to express his thanks to the publishers of the Wurzbürger Abhandlungen for authorizing this translation, also to Dr. Robert J. Wilson of the New York Health Department Research Laboratory, and to the New York Medical News for permission to use their cuts illustrating the Gruber-Widal reaction. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
