

Remotely Rich: Make \$450k a Year as a Web Developer (Paperback)

By Matt Vogel

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Let me come right out of the gate and ask you THE question. Do you want to make \$450,000 a year as a Web developer? I've done it and can teach you how to do it too. It's not rocket science. You don't need any special background or even an advanced education. Honestly, you don't even need to be the best of the best as a developer. What you do need is a simple, practical strategy to leverage your current or future programming skills into a successful remote contracting business. Yes, this means you must want to be self-employed, because that's what blows the lid off employee salary ceilings. You also must have a pretty good understanding about where the money is today in the Web development industry-what customers want in Web site functionality and types of development tools to be used. And it also helps to be a bit ahead of the curve with trends in the marketplace and tools so you're prepared for inevitable change. Of course you've got to...

Reviews

An exceptional pdf and the typeface utilized was fascinating to read through. It can be written in straightforward words and phrases instead of confusing. I am just quickly could possibly get a delight of looking at a written ebook.

-- Prof. Arlie Bogan

It is a single of the best book. This is for those who state there had not been a well worth reading through. Once you begin to read the book, it is extremely difficult to leave it before concluding.
