Sitting at her bedroom window watching the rain, six-year-old Jasmin is bored. She even asks the rain to go away! To her great surprise, a purple fairy named Lila appears. Using magic, Lila changes Jasmin down to teeny tiny fairy size with wings. The fairy takes Jasmin on a wondrous adventure to Natureland, where she is introduced to the inhabitants, including Lila s Mother. They show Jasmin just how important rain is in nature. Jasmin works side by side with the fairies restoring colour to the flowers. She understands so much more after she returns home. Jasmin now listens to hear the fairies at work and is more tolerant of rainy days. The little girl never forgets the fairies, just as your children will never forget the magic of Jasmin and the Nature Fairies. Born in Sussex, England, children s author Violet Apted now lives in Queensland, Australia. She loves to tell her grandchildren bedtime stories and is working on her next book.
