Reviews

It is one of the most popular pdfs. It really is full of knowledge and wisdom. It has been developed in an exceptionally easy way and it is just right after I finished reading through this publication by which it really altered me, altered the way in my opinion.

Low-Impact Living Initiative, United Kingdom, 2013. Paperback. Condition: New. Language: English . Brand New Book. Back in our cave-dwelling days, food smoking was used to preserve food and then our ancestors discovered just how great it makes food taste. Turan T. Turan has been a passionate smoker of food for many years, teaches courses all around UK and now crystallises his knowledge in food smoking; a practical guide. Within its covers he explains the basics of cold and hot smoking; delves into the principles of combustion (he s a career fireman in another part of his life so he should know!) and explains brining and dry salt curing. He outlines how to source wood for smoking and provides plans for building a cold smoker and smoke generators. He simplifies and demystifies the process of smoking food to enable you to produce wonderful smoked food in a sustainable, eco-friendly way. Enjoy!.
