

Detection and Management of Acute Drug Poisoning

By Yahia El Sayed

LAP Lambert Academic Publishing Mai 2015, 2015. Taschenbuch. Book Condition: Neu. 220x150x6 mm. This item is printed on demand - Print on Demand Neuware - Acute drug poisoning is one of the life threatening conditions. Detection and management of poisoning constitutes a core emergency nursing competency. Nurse's knowledge and practice play important roles in provision of supportive care to decrease morbidity and mortality secondary to poisonings. Poisoning requires a multi-disciplinary team to manage a set of issues ranging from prevention of poisonings in the home to support critically ill poisoned patients in the emergency and intensive care units. 96 pp. Englisch.

Reviews

This is the finest book i have got study till now. It usually does not price a lot of. I found out this publication from my i and dad encouraged this book to understand.

-- **Jamil Collins**

Absolutely among the best book I have possibly go through. I have go through and that i am certain that i am going to gonna read through once again again in the future. I am just delighted to tell you that this is basically the finest book i have got go through within my personal existence and could be he finest book for ever.
