Audible Studios on Brilliance, 2016. CD-Audio. Condition: New. Unabridged. Language: English . Brand New. New insights for investors and business people looking to create wealth in the turbulent post-crisis world. In a no holds barred expose of the 2008 financial meltdown from the inside, Ziad K. Abdelnour argues that the political and financial elites have done nothing to fix the structural problems and instead have worsened the situation. By creating more market bubbles, they are actually waging a war on the most productive members of society. For investors, business people, and entrepreneurs that need to navigate the troubled geopolitical waters of the post-crisis world, Abdelnour offers several solutions, including looking at the world anew and understanding that the federal government s primary objective is to promote the creation of an environment conducive to the creation of wealth not job creation, not bailouts, not subsidies, not expansion of the federal bureaucracy, and not providing lifetime support to those who choose not to take advantage of the innumerable opportunities that exist in this nation for them to create a better, more productive life for themselves. Written for investors that need to navigate the troubled geopolitical waters of the post-crisis world Offers out of the box investment tactics and strategies to outsmart the system Describes political and business solutions that anyone can engage in to restore freedom and prosperity The author is President and CEO of Blackhawk Partners, Inc., a private family office that has two major lines of business, private equity investments and advisory services, and physical commodities trading Compelling and persuasive, Economic Warfare reveals that wealth can be created in the new, post-crisis world, but investors need to understand that the rules of the game have changed.
