The Energy Pathways in our Body Acupuncture and acupressure are drugless therapies that are safe, simple, economical and yet very effective for treatment and prevention of a range of common diseases and ailments. The volume is an attempt to understand acupuncture: its effects and the theory of yin and yang that forms the basis of acupuncture. It examines the causes of diseases and functioning of organs of the body. It discusses the nature of the acupuncture points present in the 14 channels and the way the activation of these points helps in treatment of various disorders in the body. With numerous drawings depicting the various body parts and acupuncture points, it deals with the specific acupuncture points for treating specific tissues.
