MORE TALES OF THE BIRDS (PAPERBACK)

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.THE LOVING NATURALIST. MR. WARDE FOWLER has written less and is better known than any other writer of bird books of the present time. This small volume, containing 232 pages in large type, is but the fourth which he has produced on this subject in sixteen years, which would seem to promise a rare excellence in his work; and there is no doubt that it is excellent; but at the same time it must be said that his considerable reputation rests chiefly on his first production, *A Year with the Birds*, one of the very few among scores of books on the same theme which may be read again and again with undiminished pleasure. It is not that he has gathered more than many others who have been with him in the same field: he has indeed gathered less, since the study of bird life is with him but a holiday recreation. It is his manner that is better than theirs. We may say that his merits in this respect are best illustrated by their contraries, as seen in too many works of the day. A good manner is indeed curiously rare in those who treat of animal life. The late Bishop of London once remarked that he could not endure to read natural history books because they were so badly done. *A Year with the Birds* was well done, and a great many of the author's admirers will wish that he had given them another such book instead of *More Tales* -- a second attempt on Mr. Fowler's part to revive an old form of writing which flourished in the early part of the last century, natural history disguised as...
