Financing Innovation in the United States, 1870 to Present (Hardback)

By -

MIT Press Ltd, United States, 2007. Hardback. Condition: New. Language: English . Brand New Book. Leading economists and economic historians offer case studies and theoretical perspectives that fill a longstanding gap in the existing literature on technology-driven industrial development, discussing the interaction of finance and technological innovation in the American economy since the Second Industrial Revolution. Although technological change is vital for economic growth, the interaction of finance and technological innovation is rarely studied. This pioneering volume examines the ways in which innovation is funded in the United States. In case studies and theoretical discussions, leading economists and economic historians analyze how inventors and technologically creative entrepreneurs have raised funds for their projects at different stages of U.S. economic development, beginning with the post-Civil War period of the Second Industrial Revolution. Their discussions point to intriguing insights about how the nature of the technology may influence its financing and, conversely, how the availability of funds influences technological advances. These studies show that over the long history of American technological advancement, inventors and innovators have shown considerable flexibility in finding ways to finance their work. They have moved to cities to find groups of local investors; they have worked for large firms that...

Reviews

An incredibly amazing ebook with perfect and lucid answers. It is written in basic terms and never difficult to understand. It has been written in an exceptionally basic way and it is only right after I finished reading this ebook in which it in fact modified me, affected the way I really believe.

-- Beverly Hoppe

Extremely helpful for all classes of individuals. Better than never, though I am quite late in starting to read this one. I realized this publication from my father and dad suggested this ebook to discover.
