

Written in Stone (Icon Science) (Paperback)

By Brian Switek

Icon Books Ltd, United Kingdom, 2017. Paperback. Condition: New. 2nd edition. Language: English . Brand New Book. Darwin s theory of evolution was for more than a century dogged by a major problem: the evidence proving the connections between the main groups of organisms was nowhere to be found. By the 1970s this absence of ` transitional fossils was hotly debated; some palaeontologists wondered if these ` missing links had been so quick that no trace of them was left. However, during the past three decades fossils of walking whales from Pakistan, feathered dinosaurs from China, fish with feet from the Arctic Circle, ape-like humans from Africa, and many more bizarre creatures that fill in crucial gaps in our understanding of evolution have all been unearthed. The first account of the hunt for evolution s ` missing links , Written in Stone shows how these discoveries have revolutionised palaeontology, and explores what its findings might mean for our place on earth.

Reviews

Definitely among the best book I have got possibly study. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Olga Ledner MD**

Complete guide for publication enthusiasts. I have read and i am sure that i will going to study again once again in the future. Your way of life period will be transform once you total looking over this publication.
