

## Problem Solving 101: A Simple Book for Smart People

Filesize: 2 MB

### **Reviews**

*Extensive guideline! Its such a great go through. It is definitely basic but surprises in the 50 % of the pdf. It is extremely difficult to leave it before concluding, once you begin to read the book.*

*(Fernando Hahn)*

## PROBLEM SOLVING 101: A SIMPLE BOOK FOR SMART PEOPLE

Portfolio. Hardback. Book Condition: new. BRAND NEW, Problem Solving 101: A Simple Book for Smart People, Ken Watanabe, The fun and simple problem-solving guide that took Japan by storm Ken Watanabe originally wrote "Problem Solving 101" for Japanese schoolchildren. His goal was to help shift the focus in Japanese education from memorization to critical thinking, by adapting some of the techniques he had learned as an elite McKinsey consultant. He was amazed to discover that adults were hungry for his fun and easy guide to problem solving and decision making. The book became a surprise Japanese bestseller, with more than 370,000 in print after six months. Now American businesspeople can also use it to master some powerful skills. Watanabe uses sample scenarios to illustrate his techniques, which include logic trees and matrixes. A rock band figures out how to drive up concert attendance. An aspiring animator budgets for a new computer purchase. Students decide which high school they will attend. Illustrated with diagrams and quirky drawings, the book is simple enough for a middle-schooler to understand but sophisticated enough for business leaders to apply to their most challenging problems.
