Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from The Problem of Life and Immortality: An Inquiry Into the Origin, Composition, and Destiny of Man The part containing the proofs and illustrations of immortality was written as a lecture more than twelve years ago. And although no subject of such deep and abiding interest has reached, or even approximated, the stage of final settlement, and though none has been more ably and earnestly discussed during these years than this, I have as yet seen no reason to change my views on any of the points here presented. It was my original purpose to leave the problem of God, or First Cause, as already settled affirmatively. Then I remembered that the sacred books of Jews, Brahmins, Christians, Mohammedans, are no longer of binding authority with the deepest thinkers. And it is bandied about among half-thinking materialists, that the argument from design is exploded, merely because Paley overdrew a little in some of his illustrations from natural history.
