This pdf might be well worth a study, and a lot better than other. It really is simplistic but excitement inside the fifty percent in the book. Its been printed in an exceedingly straightforward way which is just after i finished reading this ebook through which really modified me, modify the way i believe.

MORMON WOMEN S HISTORY: BEYOND BIOGRAPHY (HARDBACK)

Fairleigh Dickinson University Press, United States, 2017. Hardback. Condition: New. Language: English . Brand New Book. Mormon Women s History: Beyond Biography demonstrates that the history and experience of Mormon women is central to the history of Mormonism and to histories of American religion, politics, and culture. Yet the study of Mormon women has mostly been confined to biographies, family histories, and women s periodicals. The contributors to Mormon Women s History engage the vast breadth of sources left by Mormon women--journals, diaries, letters, family histories, and periodicals as well as art, poetry, material culture, theological treatises, and genealogical records--to read between the lines, reconstruct connections, recover voices, reveal meanings, and recast stories. Mormon Women s History presents women as incredibly interconnected. Familial ties of kinship are multiplied and stretched through the practice and memory of polygamy, social ties of community are overlaid with ancestral ethnic connections and local congregational assignments, fictive ties are woven through shared interests and collective memories of violence and trauma. Conversion to a new faith community unites and exposes the differences among Native Americans, Yankees, and Scandinavians. Lived experiences of marriage, motherhood, death, mourning, and widowhood are played out within contexts of expulsion and exile, rape and violence, transnational immigration, establishing civilization in a wilderness, and missionizing both to new neighbors and far away peoples. Gender defines, limits, and opens opportunities for private expression, public discourse, and popular culture. Cultural prejudices collide with doctrinal imperatives against backdrops of changing social norms, emerging professional identities, and developing ritualization and sacralization of lived religion. The stories, experiences, and examples explored in Mormon Women s History are neither comprehensive nor conclusive, but rather suggestive of the ways that Mormon women s history can move beyond individual lives to enhance and inform larger historical narratives.
