Sensio Sa. Paperback. Condition: New. 320 pages. Dimensions: 9.1in. x 7.6in. x 0.9in.As of this writing, the symfony project has celebrated a significant milestone: its fourth birthday. In just four years, the symfony framework has grown to become one of the most popular PHP frameworks in the world, powering sites such as Delicious, Yahoo Bookmarks and Daily Motion. But, with the recent release of symfony 1. 4 (November 2009), we are about to end a cycle. This book is the perfect way to finish the cycle and as such, you are about to read the last book on the symfony 1 branch that will be published by the symfony project team. The next book will most likely center around Symfony 2. 0, to be released late 2010. We have already published two books on symfony 1. 3 and 1. 4 recently: Practical symfony and The symfony reference guide. The former is a great way to start learning symfony as you learn the basics of the framework through the development of a real project in a step-by-step tutorial. The latter is a reference book that holds most any symfony-related configuration information that you may need during your day-to-day development. More with symfony is a book about more advanced symfony topics. This is not the first book you should read about symfony, but is one that will be helpful for people who have already developed several small projects with the framework. If youve ever wanted to know how symfony works under the hood or if youd like to extend the framework in various ways to make it work for your specific needs, this book is for you. In this way, More with symfony is all about taking your symfony skills to the next level. As this book is a collection of tutorials...
