Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from The Outlook for Prosperity, Economics New Vs. Economics Old: An Address Delivered Before the Economic Club of New York, Wednesday Evening, February 10, 1915 This is but one of countless illustrations of the new economics vs. The old. While this miraculous economic transformation has been taking place almost all our political leaders and so-called statesmen have stood still, both in thought and in action; they have refused to budge an inch toward accepting the new conditions, or toward changing their own views on economics, as they learned them, when boys, from books that are now musty and obsolete. The result has been a great tug of war between our vast body of political leaders and our vast body of business leaders, - first, because of the utter and complete lack of thought, study and research on the part of our political leaders as to the new economic conditions under which we have suddenly found ourselves living; and second, because our business men, confronted with these mighty economic changes, have been obliged to adjust themselves to the new economic conditions and yet try to comply with laws enacted to meet the old economic conditions.
