It is factually supported, eminently readable and lucidly written. Surviving Cancer provides insight and valuable advice for anyone who has been diagnosed with cancer. As an oncologist working in this field for decades, I highly recommend this book. -- M.V. Pillai. MD, FACP, Clinical Professor of Oncology, Thomas Jefferson University, Philadelphia, PA, President CEO, INCTR(USA) Senior Advisor - Global Virus Network. *** Think of cancer as an iceberg in the ocean and you are a boat approaching it. You can t know the true size of the iceberg by looking at the top of it. Similarly, one can t know how long a cancer has been in existence when it is detected. But you can learn to navigate around a solitary iceberg . . . and you can also learn to navigate around a solitary cancer. Surviving Cancer: A New Perspective on Why Cancer Happens Your Key Strategies for a Healthy Life offers hope and a strategy to survive cancer. In reading these pages, you will learn that the body can...
