SearlStudio Publishing. Paperback. Condition: New. 120 pages. Dimensions: 9.9in. x 8.0in. x 0.6in. Home Music Production: Getting Started is a complete how-to guide to set up your home recording studio, so you can create professional sounding music at home. Creating professional sounding music at home has never been more possible. With the power of today's computers and software, you can play, record and produce music in the box with only a few key purchases. However, with the vast selection of music production hardware and software available on the market, it's difficult to know what gear and software is right for you and your music production needs. Home Music Production: Getting Started, provides you with clear and detailed information and suggestions to help you get your home recording studio setup and running without wasting money on items you won't need. What's in this book 120 pages of detailed information and images. Answers to questions frequently asked by other musicians, DJs and music producers who are just starting out with their home studio. Home studio setup examples and illustrations. What will you learn from this book The best computer to purchase for music production (laptop, desktop, Mac, PC). Music production hardware (MIDI controllers, speakers, desks, etc). Music production software (DAW, VST, AU, RTAS, etc. ). Using an iPad for Music Production (music apps, DAW controller apps). How to acoustically treat your room to listen to, record, mix and master your music. REAL home studio setup examples for musicians, music producers, and DJs. What's NOT in this book Vague and glossy descriptions. It provides actual suggestions and advice to help you get your home recording studio setup without wasting your money on items you DON'T need. If you're already a professional music producer with an existing home recording facility, and you're happy with it, then this...
