Examining its Sciences convinces one of its Miraculous Nature, its conformity and confirmation of the Torah. It explains avidly that man has the faculty of discrimination, as a result of his ability to develop, grow, progress and to direct independently his own way of living. The base of this is in the Knowledge the Lord of the universe taught him. Harmony and Peace are comprehensive terms enveloping all that man needs for his survival in this world. The objective of examining the Sciences of the holy Qur n is to find a safe passage and a way of living, in perfect harmony and peace, between mankind, his environment and his Creator. Secondly it enables one to understand and realize what will happen to one if he dies. Those reading the Scriptures have come across the Promise of All h for reward and punishment in this earthly world and in the Hereafter. The holy Qur n, the last of such Scriptures teaches the same. All h summed up this in the holy Qur n 53:38-41, That no burdened person (with sins) shall bear the burden (sins) of another. And that man can have nothing but what he does (good or bad). And that his deeds will be seen. The he will be recompensed with a full and the best recompense.
