Reviews

Thorough information! Its this type of great go through. It is amongst the most incredible publication i actually have read through. It is extremely difficult to leave it before concluding, once you begin to read the book.
(Germaine Welch)

BODY CONSTITUTION, TEMPERAMENT AND HEALTH WHAT ABOUT THE MIND

[DOWNLOAD](#)

Trafford Publishing. Hardcover. Book Condition: New. Hardcover. 184 pages. Dimensions: 8.5in. x 5.5in. x 0.6in. Health means the existence of harmony and synergy among physical, mental, and spiritual aspects of life, and not simply an absence of disease. Our body is a complete unit, a microcosm, but also a tiny part of the universe surrounding it, the macrocosm. Its vitality, functions, movements, and survival are dependent and affected by the environment we live in. The topic of mind, body, and health has been a subject of discussion and the motivation behind a number of books written in the past few decades. The origin of this philosophy can be traced to thousands of years in many ancient cultures. Knowing how different components of a computer work or how a combustion engine makes the car move forward are not necessary to use a computer or drive a car. However, having basic knowledge about them makes it easier to understand and use these devices effectively. Similarly, knowing about the basic functioning of ones body, both in light of ancient philosophies and in context of modern science, can help better understand the concepts of causes of ill health and the means for protection. In light of the rising health care cost and the scourge of modern diseases-such as anxiety, depression, obesity, diabetes, high blood pressure, etc. -it is imperative to be aware as much about body, health, mind, and our lifestyles as possible. Knowledge about how ancient cultures protected health from ravages of life and how some cultures can still enjoy healthy, happy, and long lives without spending enormous amounts on health care could be beneficial to all of us. This book is an attempt to bridge the ancient philosophies with the current concepts and offer some simple and practical solutions to stay healthy. This...
