Createspace Independent Publishing Platform, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Now that the therapeutic movement within the churches has disentangled the facts of experience from the shallow metaphysics of Mrs. Eddy, it is useful to hear a fresh discussion of the matter from a man of independent position. Mr. Dresser outlines the ideal occupation of a physician of the soul in a manner which suggests the philosophic house chaplain of the Roman Stoic circles, and he illustrates the counsel which such a moral physician would give. A valuable chapter on the Power of the Spirit attempts to show the right adjustment of religious faith and experience Viewed with scientific precision, and the reviewer notes conclusions which seem like a fresh statement of Channing's leading idea. The remainder of the book is addressed to those who have personal problems to solve. In the form of letters to various people needing help, Dr. Dresser expounds practical methods of thought in a very personal, immediate sort of way. These modes of thought...
