

Sea Kayak Handling: A Practical Manual, Essential Knowledge for Beginner and Intermediate Paddlers

Filesize: 2 MB

Reviews

Extensive guideline! Its such a great go through. It is definitely basic but surprises in the 50 % of the pdf. It is extremely difficult to leave it before concluding, once you begin to read the book.

SEA KAYAK HANDLING: A PRACTICAL MANUAL, ESSENTIAL KNOWLEDGE FOR BEGINNER AND INTERMEDIATE PADDLERS

[DOWNLOAD](#)

Pesda Press. Paperback. Book Condition: new. BRAND NEW, Sea Kayak Handling: A Practical Manual, Essential Knowledge for Beginner and Intermediate Paddlers, Doug Cooper, This is a practical guide that will help the reader to master the skills needed to manoeuvre a sea kayak efficiently. For beginner and intermediate paddlers. Doug draws on his personal and coaching experience to help the reader master sea kayak handling skills and techniques. Accurate sequential photos and simple concise language make the descriptions easy to follow and understand. The foundation skills of posture, connectivity (how your body is connected to the kayak), power transfer and learning to 'feel' how the boat responds, are explored initially. The author then goes on to tackle forward paddling, keeping the kayak on course, reverse paddling, edging, turning on the spot, forward turns on the move, reverse turns on the move, stern rudders, moving sideways, support strokes, and the use of skegs and rudders. "Sea Kayak Handling" is recommended as support material for the British Canoe Union 3 and 4 Star (Sea) awards. (The 1 star is a novice 'encouragement' award, the 2 star covers basic generic kayak skills, the 3 star basic/intermediate sea specific skills and experience, and the 4 star covers intermediate sea specific skills and leadership in moderate conditions).
