paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Paperback Pages. Number: 374 gap and catch up with an industrial international comparison of research results. We attempt to more depth and systematic study to clarify the gap between Chinese industry and international standards much. mainly in what aspects. what impact the international competitiveness of China's industrial. and on this basis to further explore the narrow gap between the basic ways. The aim of our study are mainly two: the next 10 years to better determine China's industrial development strategy; and after the accession to the WTO to strengthen the international competitiveness of China's industrial. Similar research. there are mainly concentrated in the research industry's international competitiveness. including competitiveness in the domestic market and international market. mainly from a comparative analysis of price and quality. The results of study will shift the focus of the research industry a competitive basis. the productivity of various manufacturing industries. the economic benefits of international comparison. analysis of various industries in advanced countries the gap between its manifestations. and found what the industry's international a big gap between what industry has certain comparative advantages. The statistical analysis results show that the gap between the size of China's industrial industry with international standards. and conclusions to determine the intensity factor in the general awareness is not the same. some are even opposite. Because our study is the quality gap between industry. generally does not involve the number of comparisons or output competition. so it can more accurately see the fundamental gap in China's industrial and international standards. reveals competing in international trade. production or prices to cover up the important gap. which is conducive to China's industry to better define the development strategies and...
