GAO reviewed the Navys requirements for the FA-18 weapon tactics trainers (WTTs). GAO interviewed program officials at several training sites to determine how requirements for WTTs were established and the extent to which the Navy has supported and documented them. GAO believes that Navy planning documents show that WTT requirements at the sites are not adequately justified. GAO found that the Navys projected demand for the trainer does not reflect changes that would reduce WTT requirements or reduce planned costs by an estimated 110 million. GAO also found that the demand for the use of WTTs will be less than currently projected and concluded that additional units are unnecessary. GAO suggested management initiatives that could accommodate peaks in WTT use. This item ships from La Vergne, TN. Paperback.
