

Queen of the Sun: What are the Bees Telling Us? (Paperback)

By -

CLAIRVIEW BOOKS, United Kingdom, 2012. Paperback. Condition: New. Language: English . Brand New Book. In autumn 2006 an unnerving phenomenon hit the United States: honeybees were mysteriously disappearing from hives across the nation, with beekeepers reporting losses of between 30 and 90 per cent of their entire colonies. The problem soon spread to parts of Europe and even Asia, earning the name Colony Collapse Disorder. To this day nobody is absolutely sure why it is happening and what the exact causes are. However, in 1923 Rudolf Steiner, a scientist, philosopher and social innovator, predicted that bees would die out within 100 years if they were to be reproduced using only artificial methods. Startlingly, and worryingly, his prediction appears to be coming true. Queen of The Sun: What Are the Bees Telling Us? is a companion book to the critically-acclaimed film of the same name. Compiled by the film's director Taggart Siegel, it makes a profound examination of the global bee crisis through the eyes of biodynamic and organic beekeepers, scientists, farmers, philosophers and poets. Revealing the mysterious world of the beehive and the complex social community of bees, the book unveils millennia of beekeeping, highlighting our historic and sacred...
