Resources for Teaching Mathematics: 11-14

By Colin Foster

Continuum Publishing Corporation, United States, 2011. Paperback. Book Condition: New. 294 x 210 mm. Language: English . Brand New Book ***** Print on Demand *****.This title contains 80 complete lesson plans with complementary worksheets specifically aligned to the Key Stage 3 curriculum, plus a companion website. Don't have time to find new ideas to teach ratio and proportion? Have some great new ICT equipment, but aren't quite sure how to make the most of it? New to teaching and struggling to keep to the curriculum and lesson time? This resource contains 80 ready-to-use maths lesson plans suitable for the whole department to use with 11-14-year-olds. Each plan consists of a teacher's sheet which breaks down the lesson into time-allocated sections, plus a photocopiable, or downloadable student worksheet that corresponds to the teacher's lesson plan. There is also a dynamic companion website with activities and software to support the lesson plans in the book, giving teachers the time and confidence to try new activities in the classroom with minimal preparation time. The lessons focus on problem solving and putting maths into context to engage students in deeper mathematical thought and there are plenty of online resources to...

Reviews

Basically no terms to clarify. It is actually written in basic terms rather than confusing. I found out this ebook from my dad and I suggested this book to find out.

-- Elinore Vandervort

If you need to add benefit, a must-buy book. I could possibly comprehend every little thing out of this composed e pdf. I am quickly could get a enjoyment of looking at a composed book.

-- Mrs. Mariam Hartmann
