

Iraq 2003: Causes and Consequences of an Imperial Expedition

By Dr Frank H Wallis

Createspace, United States, 2015. Paperback. Book Condition: New. 280 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.Well researched, generously footnoted, with a large bibliography, this is a work of scholarship intended for the well-informed specialist and anyone who likes to discover cause and effect in history, instead of slogans from politicians and talk-radio. The US invasion of Iraq in 2003 is best understood as a problem of instability on the American imperial periphery, solved through military power, rationalized by energy policy. The cause of invasion was material (oil in the Persian Gulf), the ideology couched in terms of national security (WMD and Muslim terrorism), based on the belief in American exceptionalism, which resulted in predictable consequences for people living in Iraq (death, destruction, and exploitation), who were either coerced or bribed for the purpose of establishing a collaboration with the United States. Empires are violent, and those who resist collaboration are usually punished: Iraq was no exception. The approach of this book is to accept a holistic interpretation of human behavior. When explaining empire and imperialism some writers assume that actors (people) and agency are at the root of causality, while others assume that...
