HERMENEUTICA DE HOMBRES A LA DERIVA (PAPERBACK)

Lulu.com, United States, 2017. Paperback. Condition: New. Language: Spanish . Brand New Book ***** Print on Demand *****. Han pasado sesenta y siete años desde la primera edición del poemario *Hombres a la deriva* de Manuel Molina (24 de noviembre de 1950, Edición de la Colección Ifach, Alicante), un libro que se debe analizar desde el contexto histórico y literario de la época de posguerra y la represión franquista. A lo largo del tiempo este poemario no ha tenido el reconocimiento literario-histórico que se merece, puesto que en realidad es una crítica al régimen franquista desde la óptica política del postismo (vanguardia política de los años cincuenta), aceptación que en realidad significa romper con lo anterior, una avanzadilla para dejar atrás y de lado una situación opresora en todos los órdenes sociales y políticos durante la dictadura. El propio título del libro *Hombres a la deriva* (que según la solapa se iba a llamar en principio *Hombres de mi país*), ya nos denuncia la situación de hombres sin rumbo en una sociedad cautiva donde España estaba aislada internacionalmente bajo el mando dictatorial de Franco.
