iUniverse, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Combat Medic shares Corporal Vernon L. Parker s first-person account of World War II. Parker, like many other young men drafted in WWII, was transported from a simple, hard-working life in rural America in 1942 to a complex, stressful environment that would forever change his life. Nothing could have prepared him for the experiences he encountered as a combat medic and ambulance driver with the Third Army, led by Blood and Guts General George S. Patton, Jr. Parker was part of the D-Day invasion. After landing at Normandy, he spent more than ten months on the front lines, supporting the armored divisions through five major campaigns in France, Luxembourg, and Germany. A gifted storyteller, Parker presents a self-deprecating narrative filled with keen insights and colorful descriptions of day-to-day life with fellow infantrymen, officers, civilians, and enemy soldiers. As his saga unfolds, it describes the transformation of a naive and cocky country boy into a battle-weary survivor struggling to maintain his dignity, compassion, and humanity. In *Combat Medic*, Parker demonstrates a startling recall of events from decades ago, including detailed descriptions of people, places, and even conversations-indicating just how much of an impact those war years had on him.
