

Dream Book of Fez (Paperback)

By Anne Waldman

Lunamopolis, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.No. 10, Anne Waldman s Dream Book of Fez, is a musical genome, the architecture of a landscape between language and beyond it. In the photopoetic distance between the tomb and womb of Waldman s invisible family we brush up against the fabric of unconsciousness and hear the spectral voice of Jean Genet say: dreaming is nursed in darkness. Dream Book of Fez offers gateways to power going both ways while reaching for the impossibly verbal overlap of cultures. Waldman holds us in language as poet and mother; we return to Earth by her mystical time, slowly bound and bonded by love.

Good e book and useful one. I have got read and that i am confident that i will likely to go through once more again later on. It is extremely difficult to leave it before concluding, once you begin to read the book.
