Aftermath: The Makers of the Post-War World

By Richard M. Crowder

I.B.Tauris & Co Ltd. Hardback. Book Condition: new. BRAND NEW, Aftermath: The Makers of the Post-War World, Richard M. Crowder, In a decade, between 1940 and 1950, the old world order collapsed, and a new one was created. Old European empires - France, Germany and the United Kingdom - receded, replaced by two new superpowers - the Soviet Union and the United States. Beyond Europe, a swath of new countries was created: India, Communist China, Israel and the modern Arab states, Indonesia, the Koreans. But there were darker shadows too, cast by the onset of the Cold War: the failure to establish international controls on atomic energy, or the growth of the national security state and modern intelligence apparatus. This era also produced some of the most remarkable statesmen of modern times, including leaders such as Roosevelt, Churchill, Stalin, Truman, de Gaulle, Nehru and Mao Tsetung; diplomats like George Marshall, Dean Acheson, Anthony Eden, Ernest Bevin and Robert Schuman; and international fixers, such as Averell Harriman, John Maynard Keynes, or Jean Monnet. Their stories form the core fabric of this book. Richard Crowder examines their shared ambition to rebuild the world, and launch a second age of globalization.

Reviews

Very useful to all of category of people. I actually have read through and that i am sure that i will likely to go through once more again in the foreseeable future. I realized this book from my i and dad advised this publication to find out.

-- **Alta Kirlin**

This is the very best publication i have got read until now. It is definitely simplified but shocks within the fifty percent of the pdf. You may like how the article writer create this pdf.
