

Southern Educational Review Volume 3

Filesize: 7.54 MB

Reviews

A high quality pdf as well as the typeface applied was exciting to see. It really is written in simple words and phrases rather than difficult to understand. You will not really feel monotony at any time of your time (that's what catalogs are for relating to in the event you question me).

(Robyn Nolan)

Rarebooksclub.com, United States, 2012. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1907 Excerpt: .Children have such vivid imaginations that they are capable of becoming frightened by their own pictures. When they become interested in a story, it is difficult, even in the kindergarten, to check their flow of suggested ideas; conversations among them are as natural as among adults; developing instruction is based on the assumption that their experiences are rich enough to allow contributions of thought continually; and fables, calling for interpretation, are especially written for them. Here, then, are the beginnings of a third ability of great importance, i. e., the power to supplement an author s thought. The best of authors fail to put most of their ideas into print. Or, as Buskin declares, all literature--like the story of the Prodigal Son--appears practically in the form of parables requiring much supplementing to be properly pictured and interpreted. The words in a minister s text in comparison with those in his sermon are perhaps as one to one hundred. The statements in any text should bear a similar ratio to the thoughts that they suggest in the reader s mind. Accordingly, much time should be occupied by children in school in visualizing in greater detail the scenes in geography, history, and other studies; the bearings of facts upon human life should often be traced out with care; and comparisons of many kinds should be instituted. To this end fact questions, testing mainly memory, are out of place; questions nvolving re/7ecfton should be-mmon, if we desire young people...
