

The Science of Protecting the Planet

By Smith, Jeremy

Octopus Publishing Group. Paperback. Book Condition: new. BRAND NEW, The Science of Protecting the Planet, Smith, Jeremy, Science at school conjures up images of bleary boffins slumped over bunsen burners. In fact it has many exciting uses in the real world. This accessible, curriculum-linked reference book introduces the reader to the fascinating world of conservation. Discover how science is used to protect endangered species, clean up after environmental disasters and much more. Difficult concepts are clearly explained in easy-to-understand language, with eye-catching photographs and clear illustrations. If you thought science was boring, think again. The Science of...series take science into the field and examining how it is used in a variety of exciting professions. Along the way the reader will recognise familiar scientific ideas and experiments, but will begin to see them in an entirely new light!

Reviews

This composed book is excellent. This really is for all who state that there had not been a worth reading through. Your life period will probably be change as soon as you total looking over this ebook.

-- Cheyanne Barrows

The book is fantastic and great. I have go through and i also am certain that i will planning to read through once more once more down the road. Its been printed in an exceedingly simple way and is particularly simply after i finished reading through this publication through which really changed me, change the way i think.

-- Hank Powlowski
