

Critical Social Psychology: An Introduction (Paperback)

Filesize: 8.78 MB

Reviews

The publication is great and fantastic. It is probably the most remarkable book i actually have read through. Its been printed in an exceedingly easy way and it is merely right after i finished reading through this publication where in fact altered me, modify the way i think.

(Tomas Witting)

Palgrave MacMillan, United Kingdom, 2001. Paperback. Condition: New. Language: N/A. Brand New Book. Critical Social Psychology introduces students, in a straightforward, practical and accessible way, to key themes and debates arising from this burgeoning - and often complex - field. The authors contrast mainstream experimental and critical understandings of various social psychological topics and bring together a range of critical work in contemporary social psychology situating the discipline and its subject - the individual - firmly within society. Difficult concepts such as discourse, social constructionism and subjectivity are clearly described and illustrated with reference to contemporary research in areas such as gender, race, prejudice and conformity. In their review of classic social psychology topics from a critical perspective, the authors use many research examples to facilitate student understanding of complex concepts and debates and to encourage critical reflection.
