Where time allowed a complete medical examination was made to discover defects which might later cause serious illness, but every boy was obliged to be free from heart disease or rupture. The parents of boys in need of care were notified of the defect and general advice was given as to procedure. Hardly any of the serious defects were known to the boys or their parents. Already 16 of the boys have reported to us that they have been treated. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
